A truely amazing experience

We booked for lunch to celebrate our daughters uni graduation. Despite the 40 degree day, our host Phillip made us feel cool and comfortable in a private room which was prepared for our group of 6.

The entire dining experience was faultless.

Warm, friendly service was a winner without being over bearing or ignored.

Attention to detail from start to finish did not go unnoticed.

Special mention to Phillip for making today a truely amazing experience.

Trust The Chef - Amazing Dinner

Friday night dinner for two, with the new Trust the Chef menu. Dinner was amazing with a French influence meal with an Australian flare. Fantastic value for such a brilliant meal and included a glass of Sparkling wine to start and coffee to end with. Beautiful surrounds too in this historic building. The most perfect night and the best fine dining meal I have had out in a long time. 4 entree sizes meals all beautifully presented. Great value, atmosphere and delightful meal.
